

# Plowright Hinton's Small Business Package

Is your Company aware of its statutory requirements to comply with HSE Guidelines for Electrical Health & Safety?

If not let us help you.....

## **PAT Testing : normally £85.00 for up to 100 Items \***

Portable Appliance Testing or PAT testing is the process where an item of mains powered electrical equipment is routinely checked for safety.

For public buildings such as yours, this is an **annual check**.

## **Fixed Wire Inspection & Test: normally £300 for up to 20 Circuits \***

Sometimes known as Periodic Inspection, or Periodic Inspection & Testing:

This process covers the testing of your electrical installation within the building, such as mains panels, distribution boards, socket outlets & others.

For public buildings such as yours this is a **5 yearly check**.

## **Emergency Lighting Testing : normally £195 with free Log Book**

Emergency lighting is designed for situations when the main power supply is cut and any normal illuminations fail.

Emergency lighting should be checked weekly/monthly/six monthly by your nominated person and must be signed off **annually** by a qualified person.

**Total Cost: £580.00**

**Our Small Business Package Offer: £299.00**

\* Any Additional circuits/PAT tests will be charged pro rata

All prices quoted are subject to VAT at the current rate
