Due to the nature of polyethylene roto-moulding some slight variations may occur. Please use this chart as a general guide only. E&OE.

Optimal load weight is the weight of the paddler when fully equipped, plus the weight of any gear stored in the kayak. Please note this is provided as a guide only and will depend on your skill level, as well as the conditions which you are paddling. We strongly recommend demoing kayaks before purchase.

## DESIGN FEATURES

### Hatch and Foam Bulkhead

Hatches are watertight and made of supple UV stable rubber for a great seal. Our foam bulkheads are the driest and toughest on the market. Bonded with our proprietary process, foam bulkheads are light and offer added buoyancy.

### Skudder® (Optional)

The combined under hull skeg/rudder that works as a normal skeg until it is fully deployed, it is then free to work as a conventional rudder. Stored safely within the skeg box for transport and reduced on deck mechanism.

Islay SOT, Islay 12, Jura.

### Foil Skeg

Helps to track the boat in a straight line, can be fully or partially lowered to optimise performance.

### P&H's Smart Track Rudder (Optional)

Foil shaped rudder which is raised up onto the deck when not in use. For use with smart track pivot pedals.

Flex, Islay 14.

### Deck Elastics

Elastic lines across deck to stow gear such as split paddles.

### Deck Lines

Pre-stretched lines round the deck to tie gear on and allow others to hold on to your kayak.

### Paddle Park

Keeps your paddle secure while watching the wildlife, taking photos or just relaxing on the water.

### Fishing Rod Holders (Optional)

Flush fit fishing rod holders to turn the Flex and Easky range into fishing platforms.

Flex, Islay & Jura.

### Deck Pod (Optional)

Adds an extra 3 litres of storage for easy access to essentials all within arms reach.

Flex, Islay & Jura.

### Twist Lock Footrests (Standard)

Fully adjustable plastic footrest, twist lever 90° to adjust pedal, twist back to lock.

Standard with skeg.

### Smart Track Pivot Pedals

Fully adjustable two piece footrest that allows the lower half to be locked while the top toe piece moves to allow rudder or skudder operation.

Standard with rudder or skudder.

### Grab Handles

For easy transport and security.

### P&H Kayak Sail System

Adds a whole lot of fun and speed to kayaking adventures.

Islay SOT & Jura.

|      | 330cm  | 65cm  | 225l   | 20kg   | 45-120kg            |

The perfect size for families looking for fun on the water, the Venture Flex is a high quality and feature rich recreational kayak that every family member will enjoy.

As an introductory kayak, the Flex has been designed to be Flexible; whether the water is calm or a little more adventurous, the feeling you get from the Flex will always be one of reassurance.

**KEY FEATURES**

- Compact and light, really easy to carry and store.
- V-shaped front deck, quickly sheds any splashing water you may encounter.
- Large Cockpit, really easy to get in and out off.

Getting into paddling and looking for a boat that allows you to gain confidence and still explore local waterways? The Flex gives ease of use for beginners that can be used by young and old to allow you to get into paddlesport.

## COLOURS

| SIZE | LENGTH | WIDTH | VOLUME | WEIGHT | OPTIMAL LOAD WEIGHT |
|------|--------|-------|--------|--------|---------------------|
| 12LV | 381cm  | 62cm  | 228l   | 21.6kg | <90kg               |
| 12   | 385cm  | 66cm  | 328l   | 22.7kg | <124kg              |

The Islay 12 offers the features of a touring kayak in a compact, lightweight package. A smaller version of the Islay 14, the 12 will appeal to people who want to explore smaller lakes and rivers but still want the option of taking along enough gear for an overnight trip. The Islay 12 is ultra-stable and quick through the water, nimble on edge and fun to paddle. Offered with Venture's innovative new under-stern Skudder system. Two sizes to fit a range of paddlers.

## KEY FEATURES

- Stable hull gives confidence and security.
- Length and carrying capacity for day trips and overnight excursions.
- Long water line, for speed and tracking.
- Ergonomic cockpit, for all day paddling comfort.

## MODEL

ISLAY 14 &amp; 14LV

## USAGE

Adventure Touring

## OUTFITTING

Fit 4  
EXPerience

## COLOURS

| SIZE | LENGTH | WIDTH | VOLUME | WEIGHT | OPTIMAL LOAD WEIGHT |
|------|--------|-------|--------|--------|---------------------|
| 14LV | 420cm  | 57cm  | 307l   | 23.3kg | 45–100kg            |
| 14   | 427cm  | 60cm  | 374l   | 25.5kg | 55–130kg            |

With design cues from P&H's ground breaking Delphin, the Islay sets a new standard for the touring category.

Long waterline, nimble asymmetric hull and solid stability gives beginning paddlers plenty of confidence and a roomy cockpit makes for comfortable all-day seating. The LV size will cater for smaller or lighter paddlers.

Ideal for inland or coastal touring.

## KEY FEATURES

- Stable and manoeuvrable hull, so easy to paddle from the start.
- Full volume, helps lift over waves for a drier ride and carrying capacity.
- Long water line, for speed and tracking.
- Ergonomic cockpit, for all day paddling comfort.

This is a performance boat sneaking about masquerading as a starter sea kayak. It's light, fun, playful, and perfect for a first kayak, yet something a seasoned veteran could surf and rock hop in with ease.

Paul Kuthe, P&H Team Paddler.

SAFETY & CONTROL Skeg / Deck Lines & Elastics / Paddle Park

## COLOURS

| SIZE | LENGTH | WIDTH | VOLUME | WEIGHT | OPTIMAL LOAD WEIGHT |
|------|--------|-------|--------|--------|---------------------|
| 14   | 430cm  | 74cm  | 365l   | 30.8kg | <136kg              |

The Islay 14 sit-on-top is a performance touring boat that stands out from the rest. Based on the proven Islay 14 touring kayak, this sit-on-top bridges the gap between recreational sit-on-tops and closed cockpit touring designs. The stable, swift design cruises across the water whether you're out for the day or on an overnight adventure.

The Islay sit-on-top is easily customized with your favourite fishing accessories to turn it into a high performance fishing machine.

## KEY FEATURES

- Unique hull with a long waterline for speed and tracking.
- Solid stability that will inspire confidence in beginners.
- Moulded seat & child seat.
- Rear storage well with bungee.
- Drainage slot and scupper holes.

I've lost count of the times that I've put someone on a Venture Islay 14 SOT and after five minutes they've said; "This is the one". This boat is so smooth through the water and it's easy to close your eyes and think you're in a traditional sit-in touring kayak.

Liam Kirkham.

COLOURS

| SIZE | LENGTH | WIDTH  | VOLUME | WEIGHT | OPTIMAL LOAD WEIGHT |
|------|--------|--------|--------|--------|---------------------|
| 15LV | 463cm  | 56.5cm | 284l   | 21kg   | 45–130kg            |
| 15   | 475cm  | 61cm   | 325l   | 22.6kg | 55–130kg            |

A proven touring kayak with traditional British sea kayak pedigree, the Easky 15 is fast, straight tracking and handles rougher water with ease. The Easky is at home on coastal adventures or inland waterways and offers enough storage space for multi-day trips.

A comfortable cockpit combined and stable hull combine to help beginning paddlers develop skills and confidence.

KEY FEATURES

- Performance hull design is sleek, quick and controllable.
- Paddle park keeps the paddle close at hand while fishing, bird watching or taking photos.
- Performance seat and backrest, ergonomic seat with padded seat liner and adjustable backrest for comfort and control.

The great thing about Venture is that they listen to what we say. The Easky is a great boat, it's so much more comfortable and easy to use than anything else we've come across.

Pete Catterall, BCU Level 5 Coach.

| HV   | 491cm  | 59cm  | 342l   | 28.7kg | <124kg              |

Whether you're a first time kayaker or a seasoned hand on the sea, the Jura is sure to bring a smile to your face.

The Jura is a stable, forgiving sea kayak that is at home on everything from coastal tours to short expeditions. Designed to introduce beginning paddlers to kayak touring and then grow with them as their skills develop, the Jura's neutral hull tracks straight, yet is nimble on edge. This high-performance kayak comes with skeg as standard but is available with Venture's innovative new under-stern Skudder system that functions as both a skeg and a rudder, depending on conditions.

**KEY FEATURES**

- Performance hull, for speed and manoeuvrability.
- Stable - Ideal intro to sea kayaking boat for centres or individuals.
- 3 hatch, lots of storage space for expedition gear.

Designed with the same balance of speed and manoeuvrability that has made the Cetus the choice among discerning sea kayakers, the Jura's ocean going capability will take paddlers to the next level.

**Brian Day, Head of Operations Pyranha US.**

COLOURS

| SIZE | LENGTH | WIDTH | VOLUME | WEIGHT | OPTIMAL LOAD WEIGHT |
|------|--------|-------|--------|--------|---------------------|
| 160  | 495cm  | 56cm  | 262l   | 25.5kg | 50–105kg            |
| 166  | 505cm  | 56cm  | 349l   | 26.1kg | 65–120kg            |

The Capella has introduced a generation of paddlers to the world's oceans and seas. This proven all-rounder now brings its performance and versatility to the Venture range. Now offered in a single-skin construction, the Capella offers true sea kayak handling – anywhere, anytime, any day!

Suitable for everything from relaxed outings to open crossings and multi-day expeditions in challenging conditions. The Capella's combination of performance, durability and versatility has made it the choice of instructors and centres around the world.

#### KEY FEATURES

- Performance design, easy to paddle but will allow progression. A great first sea kayak.
- Versatile, great tracking and speed for open crossings, manoeuvrable for exploring coastlines.
- 3 Hatch design, great storage and carrying capacity for extended trips.

I've had some of my best days at sea in a Capella; whilst working, its forward speed allows me to accelerate to catch up with the keener members of my group, and yet it's nimble enough to throw around the smallest coves, inlets and squeezes when I'm looking for some more excitement.

Dan Butler, BCU Level 5 Coach.

## COLOURS

| SIZE | LENGTH | WIDTH  | VOLUME | WEIGHT | OPTIMAL LOAD WEIGHT |
|------|--------|--------|--------|--------|---------------------|
| 161  | 492cm  | 54.7cm | 291l   | 22.5kg | 40–105kg            |
| 163  | 497cm  | 56cm   | 305l   | 23.3kg | 45–115kg            |
| 167  | 509cm  | 57cm   | 323l   | 24.5kg | 55–120kg            |
| 173  | 525cm  | 58cm   | 385l   | 29.2kg | 75–135kg            |

The Capellas are proven all-rounders with all of the design characteristics expected of a classic British sea kayak. The moderate 'V' hull provides a good mix of tracking performance and comforting initial stability whilst the soft chines give responsive edging coupled with confidence inspiring secondary stability. Used to introduce many people to sea kayaking it's an ideal choice for a true all-rounder.

## KEY FEATURES

- Manoeuvrable for exploring coastlines but with great tracking and speed for open crossings.
- Tried and tested, the moderate V hull and soft chines will advance paddling technique and ability.
- Finely tuned to give each kayak the same great handling experience.

I've had some of my best days at sea in a Capella; whilst working, its forward speed allows me to accelerate to catch up with the keener members of my group, and yet it's nimble enough to throw around the smallest coves, inlets and squeezes when I'm looking for some more excitement.
