

Maxi-Opener Uprand Detail

UPSTAND DETAIL

IMPORTANT NOTES

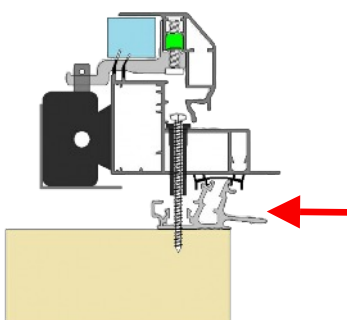

FALL

Uprاند must have a minimum of a 5 degree fall from front to back. **DO NOT PROCEED IF NOT.** A five degree slope is approximately 100mm of fall for every 1m of depth.

MOTOR CLEARANCE

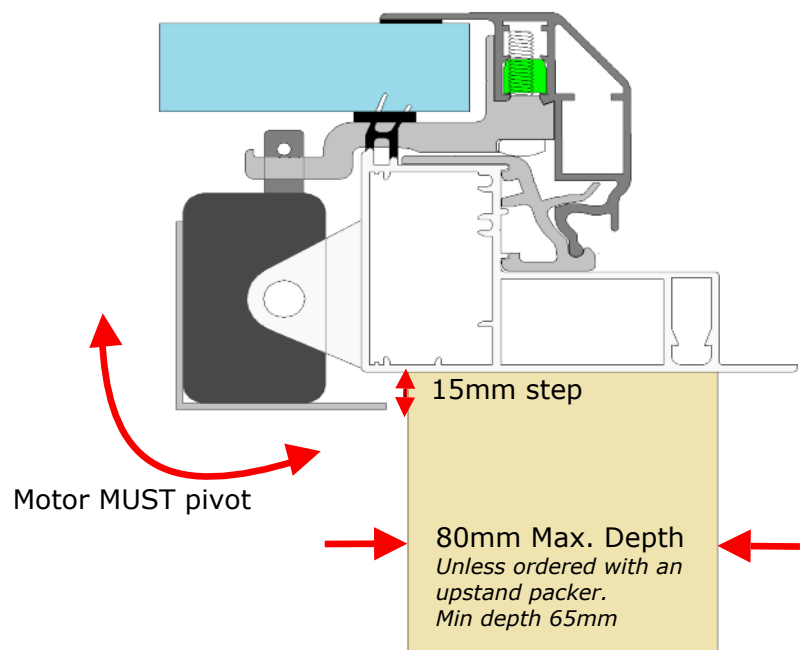

Uprاند must not be more than 80mm deep so as not to touch motor housing. Motor must be able to pivot once screwed down.

Optional Uprاند Packer

Uprاند Packer

An optional 30mm uprاند packer is available if your uprاند is deeper than 80mm

Max. uprاند depth is 80mm. If your uprاند is deeper than 80mm we can supply an uprاند packer.
