Collection **Altis**

La collection ALTIS témoigne de notre nouvelle approche chez Molgra pour les moulures d'encadrement : c'est un ensemble de profils aux formes variées, faits de pin lamellé-abouté, recouverts d'un placage en bois naturel, décliné en cinq essences aux couleurs actuelles : wengue, noyer américain, chêne, hêtre vaporisé et érable. Que ce soient des méplats larges, des profils d'architecte, des caisses américaines, des réhausses, ou même un profil en forme de pyramide, l'encadreur trouvera avec ALTIS une large gamme de produits pour couvrir ses besoins. Les placages naturels couvrent bien le profil, incluant les chants avec un angle droit. Altis laisse la possibilité d'appliquer la finition désirée : teinte, vernis, patine par exemple.

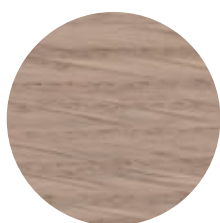

Pour le premier anniversaire d'ALTIS, et à la demande de certains de nos clients, nous avons introduit un nouveau profil en forme de caisse américaine, pour ajouter davantage de valeur aux montages. La collection ALTIS amplifiée inclut ce nouveau profil avec quelques exemples, pour marquer la tendance actuelle et se laisser inspirer.
