

PRECAST ENABLES HIGH-QUALITY LIVING AND GREEN BUILDINGS IN SAUDI ARABIA

AGREEMENT SIGNED ON MINISTERIAL LEVEL FOR ADVANCED BUILDING SYSTEMS

The Ministry of Investment of Saudi Arabia hosted a high-profile Austrian investment delegation at the Saudi-Austrian Business and Investment Forum in Riyadh on March 14, 2022. The first Austrian-Saudi investment conference was chaired by the Austrian Minister Dr. Margarete Schramböck, Federal Minister for Digital and Economic, and Dr. Richard Schenz, Vice President of the Austrian Chamber of Commerce. One focus was on **providing solutions for advanced building systems**. This goes hand in hand with the aspirations of the Kingdom's Vision 2030 and the Kingdom's giant and distinctive projects in NEOM, Red Sea, Qiddiya to **foster green buildings and high-quality standards**.

In this conference, a **cooperation agreement was signed between ALLPLAN Software Engineering, and the Eqlheed Group**, a company specialized in precast for Al-Moqbel Real Estate Group, and the Technical Building for SAC Construction to **build high-quality prefabricated reinforced concrete** in the company's projects submitted through the Ministry of Housing. ALLPLAN was represented by the Business Development Manager Dipl. Ing. Yousef Mesri. Dipl. Ing. Salim ARAB, General Manager of Imran Holding, participated as Allplan Precast partner for Saudi Arabia and Emirates in these events. The signing ceremony was attended by the Saudi Minister of Investment, Dr. Khalid Al-Falih, and the Austrian Minister of Trade, Dr. Margarete Schramböck.
