TWT – Trans World Technologies

*“We must continue to follow the
course marked by technology.
Any attempt to reverse this policy
would complicate life to the
point of making it almost impossible”
(Karl Jaspers)*

Aerospace – one TWT Heritage and one TWT Focus

#Introductions

A high tech, inter-cultural and entrepreneurial business spirit originally born in the 1970's in Munich, Germany based on technology and technical know-how established since 1953

Today, an around the globe Network to help and resolve Client Requirements professionally in a most expert and timely manner

TWT effectively interfaces between the global need for advanced technology products and the leading international manufacturers through TWT expert know-how and professional performance

The good development of nations and the prosperity of people are determined by access to and making use of sophisticated technologies

#At-a-Glance

Trans World Technologies (TWT) is an internationally experienced network of business experts with TWT companies, affiliates and teaming partners subscribing to the TWT Business Model and coordinated through TWT International and the TWT International Board of Advisors

TWT works **Universal** and **Global**.

The 5 core **TWT Expert Units** are

- Energy, Environment & Life Sciences
(agriculture, health care etc.)
- Infrastructure & Construction
- Mobility, Aviation & Space
- National Security
- Research, Development
and Manufacturing

The 5 core works & services **TWT Business Units** are **Consulting**, **Strategic Communication (StratCom)**, **Systems**, **Trade and Investment** providing **Services** and **General Contracting** work solutions for **TWT Clients**

TWT is technology oriented with special technical and intercultural competencies and strong affinity to international cross border business. We work Foreign Markets

TWT Services typically required from TWT Clients are individually agreed and include **B2B**, **B2A**, **B2G** **Research & Information**, **Audit & Analysis**, **Strategy & Planning**, **Contacts & Introductions**, **Marketing & Event**, **Strategic Communication & Representation**, **Project Development**, **Project Management**, **Project Controlling**, **Logistics**, **Warranty**, **After Sales**, **Technical Services & Product Support**, **Worldwide Lifecycle Sustainment Support**, **Financing Solutions**, **Investor Services**, **Capital et.al.**

TWT – Trans World Technologies

The TWT concept follows an entrepreneurial spirit **born in Munich**. Special tradition and affinity exists towards the philosophy and enterprises of **Dr. Ludwig Bölkow**, (i.e. Airbus etc.), one of the outstanding masterminds and technology pioneers of the 20th century in Germany, Europe and possibly throughout the world

TWT has inherited original know-how as well as global entrepreneurial concepts and taken them to the 21st century. **TWT today continues to lead in the development of OEM independent project solutions** with best technological, technical and intercultural understanding **to the benefit of TWT Clients around the world**

#Background

The **TWT Network** specially **honors** and carries on with dedication the **lifetime achievements** and success of **TWT elder peers** Mr. Friedemann Striegel and **Mr. Hans Gerd Schneider**, who in the mid 1970's combined their individual strengths for activating and developing the Munich based **IBC / IBCOL Holding** operating around the globe as a special and **solitaire success story** and Group of Companies integrating Old School Economy with modern, **good corporate governance** and **intercultural business development** in **foreign and up-coming new markets**

TWT provides exclusive expertise for up-to-date, modern and smart thinking Clients. Concerning geographical and subjective Foreign Markets. Supporting You in Your ventures is our business. Tailor made services and general contracting solutions. **Empower Your business with TWT.**

#Mission

Our commitment to you is to be the most responsive in providing you reliable, creative and individual project solutions. Our heritage is most prominent. We set the best standard in the industry.

#Values

We are guided by four strong values to achieve our added value for you.

CLIENT FOCUS: We constantly strive to exceed our client's expectations and enable you to excel in your business

INNOVATION: We shape the future by creating pioneering solutions throughout our operations

FAIR PLAY: We conduct business in a sustainable and responsible manner

PASSION to WIN: We are passionate about making our team most successful and the # 1 winning team

#Work&Services

#TWT Consulting

Large Variety of Advisory Expertise & Know-How

Always when You do not trust Your own network resources then TWT Consulting provides You with added value external views and services

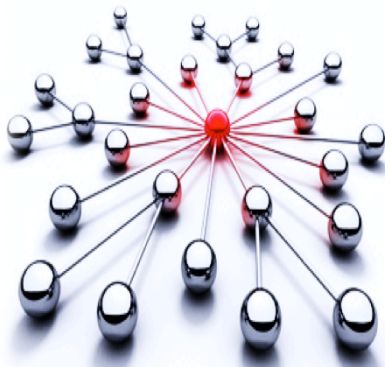

Of course You could hire the typical legal and tax business consultants but in most cases You simply will buy then their routine

At TWT Consulting we are entrepreneurs ourselves looking for the individual state-of-the-art or better concept. We do NOT sell You off-the-shelf solutions except that is Your task to us

#TWT StratCom

Getting the Message Through

Why should you invest into new capabilities and contacts if TWT Strategic Communications has already the network and is positioned to represent Your interests most effectively?

We manage Your strategy campaign and safe-guard Your interests

Both at the Working Level as well as with VIP's and VIP's

#Work&Services

#TWT Systems

General Contracting for Design, Development, Engineering, Systems Integration, Installation & Sustainment

Organized, purposeful structures that consist of interrelated and interdependent elements. Industry independent we are looking to give You the Best and not only OEM off-the-shelf proposals. With our renown, different EPC Partners we give You attractive contracting alternatives and solutions

#TWT Trade

Matching Commodity Demand with Supply

Serving You Sellers and Buyers as match maker and supporting Your closing management
China, the Russian Federation Eastern Europe and the Americas are our Focus

#TWT Investment

Boutique Financial & Investor Solutions

Providing internally the TWT Network as well as externally TWT Clients with private non-public opportunity considerations and alternatives compared to typical mainstream off-the-shelf packages

TWT is not active in all places around the world but we work in a lot of different locations and regions with experience in many interesting markets/institutions

The TWT Network Members with their individual local expertise are core assets to the TWT Organization and for TWT Clients

Always if and when You do not have or do not have the wish to apply Your own resources regarding a subject matter of Your interest e.g. a market or issues rather foreign to your organization, always then TWT might be the right and intelligent option to help You and resolve Your concerns

TWT takes a global, universal and independent approach to achieve individual best results in detail

We are entrepreneurs with strong roots in global high tech industries & politics which require absolute professional expert understanding and special skills to participate in and resolve complex matters

The combination of all TWT elements makes us sure to believe in our market leadership and why TWT is a prime partner to choose

TWT sponsors the Arts

#Why TWT

„Positive globalization is about cross-border intercultural understanding with the wish to constructively cooperate and improve life by tackling challenges level together with enterprising energy and measured risks in order to provide for mutual good success and sustainable prosperity. We need to abandon destructive policies and with a fresh spirit move forward to ever more constructive cooperation“
