

MANGUSTA 80

MANGUSTA 80 " AVATAR "

The Mangusta 80 is one of the most popular luxury superyachts. Over the years the Mangusta 80 yacht model has established a foothold in the fast Open Yacht market. Since its introduction over 70 "Mangusta 80's" have been delivered and are on the water, making it Overmarine's most popular model. "Avatar" is one of the latest built.

Solid reliability and high performance are the key factors to the success of the latest Mangusta 80 as she flies over the water at more than 45 knots. Earlier models are Open Express yachts with no roof, whilst the latest Mangusta 80 models have been redesigned with a sleeker silhouette thanks to the new hard top and aft enclosure, it also features a spacious interior.
