OUR PHILOSOPHY

SKIN, DONE *PROPERLY*

After more than 26 years in the beauty and skin industry, we've learned one thing:

Great skin isn't about trends, quick fixes or chasing perfection.

It's about understanding your skin, respecting its biology, and choosing the right treatments at the right time.

At The Beauty Boutique, we take a calm, considered approach to skin health. Every treatment is guided by expertise, experience and results — never guesswork. We focus on long-term skin confidence, not short-term promises.

Our space has been designed to feel reassuring, unrushed and quietly luxurious. From your first consultation to your ongoing care plan, you'll be guided by professional skin experts who genuinely care about how your skin looks, feels and ages.

This is skin care with intention.

And beauty that stands the test of time.

THE SPACE

A CALM SPACE FOR SKIN & SELF-CARE
We've always believed that how a space feels is just as important as what happens within it.

Each treatment room has been thoughtfully designed to encourage relaxation without distraction — soft lighting, calming tones and an atmosphere that allows you to fully switch off while we focus on your skin.

This isn't a clinical environment, and it isn't overly indulgent. It's a space where expertise meets comfort — so you can relax, knowing you're in capable hands.

EXPERIENCE YOU CAN TRUST

Founded in 1999, The Beauty Boutique has become a trusted destination for advanced skin care and expert-led treatments.

Led by Charleigh Strange, the salon has built a reputation for consistently high standards, thoughtful innovation and exceptional client care. A pioneer of technology stacking within facial treatments for over 15 years, Charleigh was early to adopt results-driven, layered approaches that are now widely recognised across the industry.

As a Dermalogica Platinum Partner and MASCED accredited salon, our team of Professional Skin Experts are trained to the highest level, combining advanced technologies with hands-on expertise to deliver visible, lasting results.

We believe in progress — but never at the expense of care. Every decision we make is guided by one question:

Is this genuinely good for our clients' skin?

Signature Rituals

THE GARDEN OF ROSA RITUAL

100 MINUTES | £90 GEL FINISH INCLUDED

More than a pedicure - a signature two stage ritual experience inspired by the warmth and tranquillity of Moroccan spa rituals.

Your journey begins with precision pedicure care - A warm rose and oat botanical infusion softens and prepares the skin before smoothing and refinement restore radiance.

You'll then be guided through to The Moroccan Garden for the ritual stage of your treatment - Cocooned in heated booties with a nourishing paraffin mask, you'll unwind with a slow, grounding shoulder or head massage as tension gently melts away.

The ritual concludes with a flowing Moroccan rose foot massage, sealing in softness and leaving you deeply restored.

Served with traditional Moroccan mint tea.

Mind & body

A woman with dark hair pulled back, wearing a light-colored long-sleeved top, is performing a massage on a man's back. The man is lying face down on a massage table, covered with a white sheet. The woman's hands are placed on the man's upper back. The setting is a dimly lit spa with warm, golden light. In the background, there is a wooden table with a glass of water, a lit candle, and some dried flowers. The overall atmosphere is serene and relaxing.

Where skin meets stillness.

Where tension softens.

Where treatment becomes ritual.

SIGNATURE RITUALS

FLAME & FLOW EAR + SCALP RITUAL |

40

Inspired by the ancient practice of thermal-auricular therapy, this deeply calming ritual begins with gentle neck and shoulder releases to settle the body into relaxation. The soft warmth and delicate crackle of ear candles help ease sinus pressure and support the natural clearing of the ears.

The experience flows into an extended aromatherapy massage of the scalp, temples, face and neck to encourage lymphatic drainage, relieve tension and quiet a busy mind. Warm steam towels and soothing soundscapes complete this peaceful treatment, leaving you feeling clear-headed, grounded and deeply restored.

ATLAS CLAY BACK RITUAL |

65

Inspired by traditional Moroccan hammam rituals, this deeply purifying back treatment begins with an invigorating back polish to smooth and prepare the skin. A warming Atlas clay mask is then applied to detoxify and draw out impurities while your therapist releases tension through the calves and hamstrings.

Steamed towels and a nourishing balm complete the treatment, leaving the back refreshed, muscles relaxed and skin beautifully smooth.

MOROCCAN GLOW BODY POLISH |

50

Reveal radiant, silky skin with this luxurious full-body polishing ritual inspired by traditional Moroccan bathing ceremonies. Mineral-rich salts and aromatic oils gently buff away dull skin while stimulating circulation and renewal.

Warm steam towels and a nourishing body balm leave the skin beautifully smooth, hydrated and glowing.

HAMMAM RESET RITUAL |

75

Our signature Moroccan cleansing ritual

Inspired by traditional Moroccan bathing rituals, this deeply cleansing body treatment begins with warming steam towels and a purifying black soap cleanse to soften and prepare the skin.
