

LIFE TESTIMONIES

APRIL 2025

Thankful for God's Faithfulness and Favour

I want to take a moment to express my sincere gratitude to God for answering our prayers throughout this year. He has provided for my family and me in immeasurable ways, especially guiding us through our transition to the UK. This year has been filled with His abundant favour in every aspect of our lives, and we are truly grateful for His unwavering love and faithfulness **A.F.**

Grateful for God's Faithfulness and Protection

God has been faithful in our work and progress. I thank Him for His protection during my journey to Nigeria. On the way to see my father, we were in an accident—the car hit an explosive and somersaulted. By God's grace, we were unharmed, and He kept us safe.

I also thank God for my aunt, who had been married for 20 years, trusting Him for the blessing of children. She conceived twins, but sadly, one baby passed away at three months. Despite this, the surviving baby remained in the womb alongside the deceased twin for seven months until delivery. By God's mercy, the baby was born alive and continues to thrive today. **A.**

Thankful to God for Family, Career, and His Guidance

Thank God for my family and the job opportunity I had, even though it was far from home—a short contract in Wales. For two years, I trusted God for a job closer to home while traveling back on weekends. During this time, my wife was pregnant, and by God's grace, we were sustained and welcomed a beautiful baby. Now, I'm thankful to be starting a new job closer to home in January. **A. A.**

Thankful for God's Faithfulness and Blessings

I just want to thank God for His faithfulness as we celebrated our 10th wedding anniversary. I am grateful for my husband, children, and family—it has truly been the Lord's doing.

I also thank God for completing a program I started four years ago and for blessing me with my current job, which has been a peaceful and fulfilling experience. **F. N.**

Thankful for God's Goodness and Answered Prayers

I thank God for His goodness upon my family. A long-time prayer request was finally answered this year. Though there were challenges along the way, God saw us through. Thank You, Lord!

Gratitude for God's Goodness and Support

I want to take a moment to express my gratitude to God for His goodness and the new addition to my family. Throughout the pregnancy, His presence has been undeniable. I am thankful for a safe delivery, with no complications, and for a healthy baby.

I also want to acknowledge God's faithfulness in my career as a registered nurse from Nigeria. After struggling for eight years to pass the English exam, I'm grateful that what I was unable to achieve in that time was accomplished by God in less than two years.

Additionally, I want to thank Pastors Lola and David. Pastor Lola took me under her wing as if she had known me forever, providing references and support. God surrounded me with the right people who guided me through the process. I proudly received my pin in November.

Grateful for God's Protection, Provision, and Favor

I got married, and just two days after our wedding, while on our way home, my dad was kidnapped.

By God's intervention, he was safely released.

I also thank God for my relocation to the UK.

Finding a job that matches my qualifications was challenging, but through divine favour, a friend who was leaving a position recommended me. I applied despite competing with candidates who had UK qualifications. After the interview, I was initially told I didn't get the job. However, two days later, I received a call offering me the position.

Truly, God's grace made a way! **D. P.**

Grateful to God for a Year of Challenges, Triumphs, and Blessings

This year has been both turbulent and remarkable.

After five years of preparation, I successfully completed my fellowship exam for Physicians in the Faculty of Psychiatry.

I also celebrated 10 years of marriage, blessed with three wonderful children. Over the past decade, our family has undergone six surgeries—three C-sections, two surgeries for one of our children, and one for me. I am grateful to God for my elder brother, who faced challenges for the past year but now has a job and has relocated to a new city.

One memorable moment this year was when I was heading to a party with my three kids in an Uber. One of them struggled to strap in, so I helped. Thank God I did—shortly after, we were in an accident. Thankfully, no one was harmed, and everything turned out fine.

Thank God for His Divine Favour

In 2024, I aimed to advance my career following two years of work experience. I'm thankful to God for His blessings, as I secured a Band 6 position as a Clinical Nurse Specialist (CNS).
