## SELSDON PARK

Selsdon Park Hotel & Golf Club Soul and Motown night was a massive hit, the lads '2Tone' singing all of the favourites from the era. The Temptations-the Four Tops-The Tams -Stevie Wonder to name a few would have felt right at home at this amazing event. The hotel yet again was on top form, the service, staff and food was excellent a seamless service that was made to look easy. With a huge waiting list to attend this event, I feel sure it will be happening again in the not to distant future. Top Draw !

## THE STANDARD

The Standard, well another road blocking night, party people out on mass to enjoy a night with '2Tone' once again taking entertainment to a new level, astonishingly singing hit after hit new and old. I have never seen a frenzy of happy-excited people to this degree ever! Just amazing.
