HAREFEST

Where to start, A relatively small lovely village pub bringing awareness to people and raising money for our military who are suffering from PTSD. Jim the landlord who gives up most of his spare time to get much needed funds in, so our heroes can get the professional help that can save their lives. The music fest as usual was a great success and the lads '2Tone' were on top form blasting out the hits at this road blocking event. Bring on next year!
