Phil and Stef's Wedding

Oh my, Essendon Country Club in Hatfield is the perfect venue for a wedding the impressive 16th century Grand Barn, set over two levels with its exposed beams and views of the golf Course makes it very special indeed. Phil and Stef's wedding day was blessed with fine weather and many of the guests relaxed with drinks on the terrace in ore of the spectacular views across the grounds, then later danced the night away with '2Tone' who do what they always do and create a party atmosphere in minutes just another fantastic day.

Hayley's Hay Day

Hayley's birthday party was a real winner, held at Lowlands Tennis Club Eastcote in the function room made it the perfect venue, with its high stage and disco lights built in created a warm feeling before the lads started. The birthday girl Hayley looked amazing as did her guests and they had all come to party that was for certain. '2Tone' kicked off the evening in style singing old and new songs from every genre' to the delight off the party goers who packed the dance floor all night. Well done to all great night.

Andover Rugby Club

Andover Rugby Club had their charity ball at the club arranged by Sam and our dear friend Mandy through A P Productions. Turning out suited and booted with glamorous ladies everywhere we knew it was not going to be a shabby affair and we were right. Culinary skills were evident as the food was exceptional, Sam a charming lady who clearly organised the evening made it a very successful start, soon after the food the boys '2Tone' do what they do best had a ball 'literally' with the dance floor alive with bodies making shapes even on the veranda.
