HAPPY NEW YEAR

Happy New Year to all

Thank you for all your continued support throughout the whole of 2015, we cannot begin to thank you enough.

And what an eventful year 2015 really was, and how fortunate we were to have been booked for so many different events, all those fabulous weddings, those birthday bashes, and even with the economy as it is more than a fair share of the corporate market.

We have recapped on 2015, the escapades-events to see how we can improve, so we can make your experience with us even better.

I believe pictures speak volumes, and judging by the email responses we get so do you? 2Tone already have a fairly attractive 2016 bookings diary, which again is down to all of you that come to the public gigs in search of that party atmosphere that appears to be lacking in most places.

We hope you continue to support and enjoy what we do throughout 2016, It's been a real pleasure for us.

Have a fabulous New Years Eve, and a healthy - happy and prosperous 2016. Much love to you all Dave Mason / Ryan Chandler '2Tone' xxx

PFN BREAKING NEWS

2TONE GAGGED TO PREVENT SCANDAL !

This can't be true '2Tone' involved in a scandal ? Can it? What could have possibly gone on in Torquay that made headline news. So we talked to husband Mr Roger White to try to get to the bottom of the allegations, clearly distraught and holding back the emotions he revealed he had know idea why the lads brought her back! 'the first time in years I had peace and quiet and I choose when I would take the dogs out, but without even a warning they returned Jenny to me. Speechless we left Roger to ponder, we are sure that with counselling he will he will make a full recovery

Octoberrrr

Will it be Octoberrrr or perhaps we could be lucky and the mild weather will stick with us? Which ever, the winter is descending on us with great haste, brown leaves and the start of that autumnal feel and of course Halloween, the picture on the left brings the pumpkin into a whole new light, in the past they have mostly been cut out into a ghoulish type face and a candle of sorts put inside to light it up, well I don't know about you but I think this is a much better idea! Just not sure where to put the candle?

CHAMPERS WINE BAR

Champers Christmas 'Elf' party was just a great night some folks dressed for the occasion, which indeed enhanced what was already going to be another road blocking event. A packed house with a buzz of the Xmas spirit "*and other spirit*" filtering into the very depths of the revellers bones with '2Tone' making their presents '*he he*' known in more ways than one, hit after hit sung by the lads created the feel everyone needed.

The golf clubs Christmas dinner dance at Leigh on sea was a stylish, classy affair organised by Ian & Liz, and what a doo it was. A couple who have an eye for detail left no stone un turned and it was worth the extra effort. With the room set and the meal over it was the lads turn to equal the grandeur of the event, and guess what! Yes you got it, exactly what it says on the tin. AURSOME !

The words 'Road blocking' and 'event' seem to go hand in hand at The Red Lion as all recent events have been extremely well attended and this was no different. For those who had seen '2Tone' before this would have been the norm a packed out venue for first timers a little overwhelming possibly. The party goes had come along to have fun and get in the Christmas spirit and this is exactly what they did, embracing the evening for what it was '2Tone' cracked out hit after hit including a number of requests made by the Revellers. A fun filled evening to say the least and a fabulous way to get into the festive holiday mood.

'Oh what a night 'another stonker of an evening, people ready to let their hair down and boogie, Don in the middle of the pictures showed us a few shapes? Some we had seen before and some we hadn't.
