Filming Your Special Day

Thank you for considering I Film U for your wedding video. We are a company that specialises in quality wedding videos in Dumfries & Galloway and the surrounding areas.

I Film U offers a bespoke service. We take every care to ensure that your special day cannot be forgotten. Using broadcast quality digital equipment, we edit and produce your films in a variety of formats to suit you and how you want to share your memories, be it HD Blu-ray disc, DVD, USB or YouTube,

Our aim is to capture the atmosphere and essence of your day, by getting to know you and tailoring your films to match your personality.

Owned and run by me, Andy Griffiths, I am an experienced videographer and editor; I Produced my first commercial video in 2003. Since then my style has developed based on feedback from clients and I aim to produce films that capture the atmosphere of your special day and present it in a contemporary and easy to watch format.

Originally based in Shropshire and regularly filming at some of the top Wedding venues in the country, I have built a reputation for high quality individual wedding films that provide my customers with long lasting memories to treasure.

So congratulations on your forthcoming wedding and I hope that I can film for you!

Andy

Forever Memories

I could tell you how good I Film U are but I think I will leave it to Justin and Steph!

"We cannot recommend I Film U enough. They filmed our perfect wedding at Comlongon Castle in November and we are so happy with the result. Andy visited the venue before the date and communicated with me loads so that he knew what was happening and when it was happening. He and his wife arrived in the morning and what a lovely couple - they put everyone at ease and were so friendly and happy. They stayed through until after our fireworks and even had a little dance before they left! The montage video that he has produced is just breathtaking and it has brought a tear to the eye of all that have watched it. We have just received the full length DVD and watched it last night. Wow! Just wow! We love it so much - he has captured every loving moment, glance and smile - especially when the subject isn't even aware of the camera. Our wedding was such a relaxed, happy, smiley occasion and that comes across crystal clear on the DVD. I could go on and on, but basically if you book I Film U to film your wedding - it will definitely be the right decision. Thank you soooooo much, Justin and Steph".

Your Wedding Day

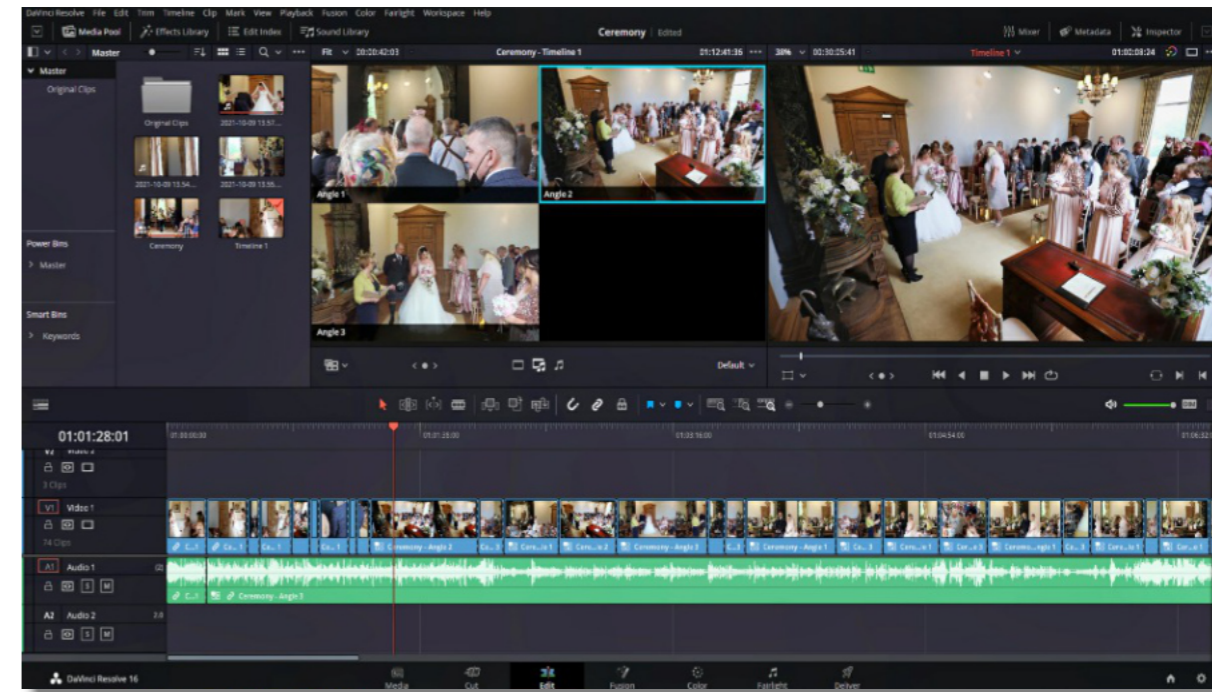

Whatever package you decide to book you can be assured of our utmost attention, not just on the big day but before and after.

From providing you with planning tools at the outset, to following up any and all questions, to delivery of quality films that are there to be enjoyed again and again.

Here's what a groom's mother had to say.

"I have just received the Blu Ray for my son and daughter in laws wedding last month. It is amazing. I would highly recommend Andy if you're looking for a great recording of your special occasion. He and his wife worked really hard all day long and knew all the tricks to get the shots. They were very helpful with the order of events to me too. The editing is wonderful, split into sections if you want to look at a little at a time. Thanks again guys. Highly recommend".

Live Your Vision

Using professional, broadcast quality High Definition video cameras and industry leading editing software, we will capture your day so that you have memories that can be cherished and relived over many years.

We Only Look Good When You Do!

SONY

Typical Video production (depending on package)

We use at least 2 Broadcast Quality High Definition video cameras and 2 camera operators. This ensures that we can capture different angles to make your film interesting and also ensures that we don't miss anything. The normal flow of chapters is listed below (Chapter titles in bold). But each video is different and unique to your day.

- **"Before"** the ceremony would include your preparation, the Grooms preparation and guests arriving. The video would contrast your make-up, hair, dresses etc with the Groom in the bar checking his button hole (they have it tough) and the venue filling with your guests as they await your grand entrance.
- **"The Ceremony"** is filmed in its entirety, again with at least 2 cameras, capturing the all important exchange of vows, rings, the kiss and the walk down as Husband and Wife.
- **"Just Married"** We then mingle with the guests as you have your photographs taken, capturing all those little moments that you miss, keeping things as natural as possible. We try not to stage anything with the possible exception of a "Reservoir Dogs" style piece with the guys or a "Here Come The Girls" with the girls - always popular.
- **"The Line up"** is an opportunity to make sure that we get everyone on camera.
- **"Speeches and the cutting of the cake"**, again we use 2 cameras to film, making sure that we don't miss a thing.
- **"Bonus Chapters"** if the guys are up for it we can do a "Reservoir Dogs" sequence for them, always popular. We can also do a "Here Come The Girls" with the bridesmaids. We can then film on into the **"Evening Party"** to include your **"First Dance"** plus 1 hour. This enables us to capture the atmosphere of your party.

Your day will also be set to a special **"Highlights Montage"** looking back at the whole day. This part of your video will be uploaded to YouTube so that you can share it with all your friends and family on the Internet FREE.

We may then round off your video with a **"Credits"** film listing everyone who has helped make your day special. This helps you remember everyone and is a nice thank you for them as well. For this we often use still shots from your day and/or any "bloopers" - great fun!

Your DVD or Blu-ray disc is then compiled with easy access menus just like a DVD you would buy from the shop, allowing you to access your favourite bits whenever you wish. All packaged in a professional case.

5. Photography & Video - £1995

I Film U are pleased to announce a collaboration with Dumfries and Galloway's premier photographer - Graham Edwards - G E Photography.

Graham is a multi award winning photographer who's work needs no introduction. His wedding photography is second to none and we have been fortunate enough to work with Graham at a number of weddings. Our working relationship has developed to a point where it seemed obvious that a joint venture comprising our respective top tier packages seemed like a no brainer.

Therefore it is now possible (subject to availability) to get a combined photography and videography package* for under £2000, that's G E Photography's "Devorgilla" package, normally £1400 and I Film U's "Comprehensive" package, normally £1100 You can now get both for just £1995. We are calling this exclusive package.
