To create environments where full potential is realised

Improvview's Mission ...

***To create environments
where full potential
is realised***

Our Agenda ..

To explain our thoughts on the story of Covid-19

To discuss the choices ahead for businesses

To introduce the Reconnect and Refocus programme

The story of your business?

The story of your business?

The story of your business?

*"You don't win
the match by
staring at the
scoreboard"*

*We were winning
the game because
of the players
and the pitch
and the awesome
supporters of our
business.*

All was well.

The story of your business?

*The World
changed:*

Covid-19

The story of your business?

“without warning”

*overnight your
pitch was dug up
and destroyed and
your stadium was
closed.*

The story of your business?

Players were sent home to isolate and social distance, this was called furlough .. It was all so new and confusing for some.

The story of your business?

And now ...

*We sit, hope and
wait*

The story of your business?

BUT ...

*The time, to
make a choice, is
now.*

*And the window
of opportunity
maybe small!!*

The story of your business?

You could continue waiting for the old times to return, or for another person to make the decision to have the pitch re-laid

OR

The story of your business?

Be a “new world” entrepreneur and make the decisions ..

What does the stadium need to be like?

What “turf” do we need?

DEBRIEF THE VIRUS

How do we reconnect with our players?

What will our supporters need?

RECONNECT & REFOCUS

*OUR
STEPPING-STONES
TO RECONNECTION
AND
REFOCUS*

Why reconnect and refocus. Knowing everyone's own landscape that has been shaped over the last few months ...

What was it like before Covid-19? what was great, what wasn't so great ...

The next personal journey and the elements required to be awesome ...

Re-Focus on the “Future 12” actions, personal, team & business,
to create success ...
