DIGITAL NOTICE BOARD WELCOME SCREEN WAYFINDING

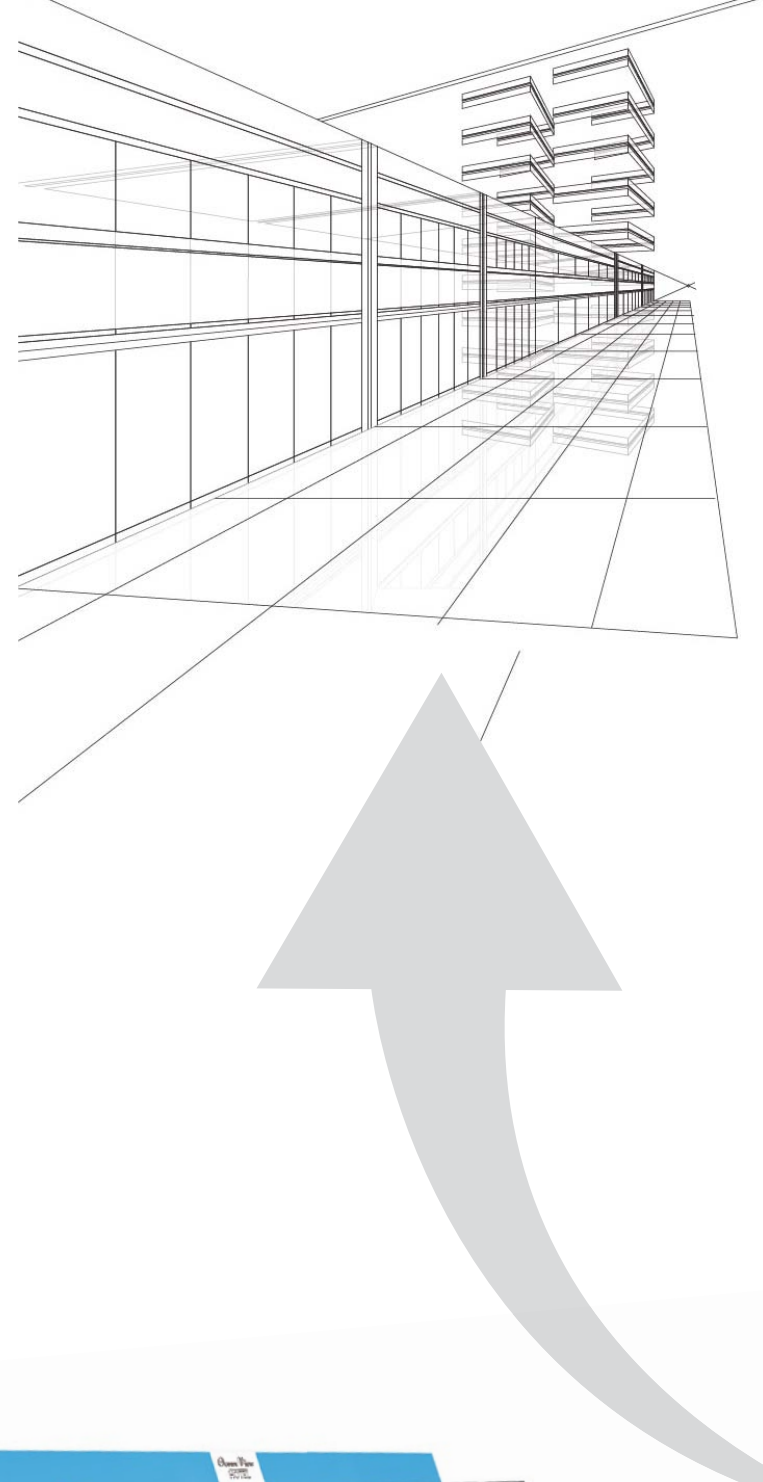

WAYFINDING & SIGNAGE

IT doni al suo sistema di segnaletica massima efficienza: i display digitali rendono possibile integrare e aggiornare contenuti dinamici con un click. clienti e visitatori potranno consultare materiale informativo in modo automatico! una soluzione ottima nel settore gastronomico ma anche presso banche, assicurazioni, strutture pubbliche, ospedali, istituti di cura e di istruzione. semplicità di orientamento e velocità nel reperimento di informazioni mirate da parte dei clienti: le nostre soluzioni offrono tutto questo e propongono il software più adatto.

DE bringen sie ihre beschilderung auf ein höheres niveau: digitale displays machen es möglich, dynamische inhalte per knopfdruck zu integrieren und zu aktualisieren. kunden und besucher können infos in der gastronomie, banken und versicherungen, behörden, krankenhäusern, pflegeheimen, bildungseinrichtungen oder unternehmen selbstständig abfragen. sie schaffen schnelle orientierung und auf den kunden und seinen bedarf zugeschnittene information, wir liefern diese schlüsselfertig mit passender software.

EN bring your signage system to a higher level: digital displays make it possible to integrate and update dynamic contents just by click. customers and visitors can access information independently and interact with your company. digital information and signage are the modern and contemporary medium for structures in the public sector like hospitals, nursing homes, public authorities or educational institutions. in the private sector every corporate headquarter, retail chain, bank and insurance branch can benefit from a quick orientation system and information that is tailor-made to their customers' needs. we provide all our digital signage solutions ready to use with suitable software.

WELCOME SCREEN

IT sistemi di presentazione digitale e welcome displays intelligenti: dia il benvenuto nella sua azienda a clienti e visitatori, sfrutti tempi e sale d'attesa per fornire informazioni sulle sue attività, presentare nuovi prodotti, trend e servizi. i nostri welcome screen digitali sono perfetti anche per congressi, eventi o per il settore gastronomico: potrà accogliere e dirigere partecipanti e visitatori in modo dinamico e personalizzato. le sarà possibile integrare i suoi contenuti anche con informazioni sul tempo e notizie attuali reperibili su internet.

DE digitale präsentationssysteme sind ideale willkommensdisplays: begrüßen sie kunden und besucher in ihrem unternehmen, informieren sie während der wartezeit über ihre firma, die neuesten produkte, trends und services. perfekt ist der digitale welcome screen auch für tagungen, events oder die gastronomie: sie können teilnehmer und besucher damit dynamisch und ganz persönlich begrüßen und leiten. auch wetterinfos und aktuelle schlagzeilen aus dem internet lassen sich integrieren.

EN digital presentation systems are the ideal welcome displays: greet your clients and customers, inform them while waiting about your company, latest products, trends and services. the digital welcome screen is also perfect for conferences, events or gastronomy: you can personally and dynamically greet your participants and visitors and guide them. also the weather forecast and current news headlines from the internet can be integrated.

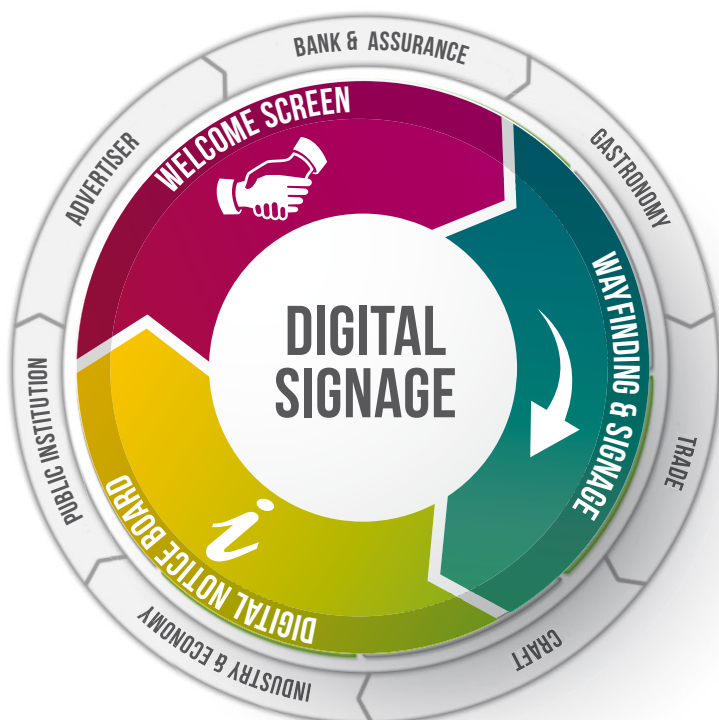

DIGITAL NOTICE BOARD

IT metta in movimento la sua comunicazione interna aziendale: la "bacheca" in formato digitale informa i suoi collaboratori in modo dinamico e coinvolgente su dati, progetti in corso e altre attività. veloci, gestibili a distanza e sempre attuali: i supporti di informazione digitale sono perfetti per uffici, sale meeting e zone pausa. la soluzione è qui: arricchisca con immagini, testi e video la sua comunicazione aziendale e stupisca i suoi collaboratori!

DE bringen sie bewegung in ihre interne firmenkommunikation: das schwarze brett in seiner digitalen version informiert alle mitarbeiter dynamisch und ansprechend über kennzahlen, laufende projekte und andere unternehmensinterne informationen. schnell, ferngesteuert und immer aktuell ist ein digitales notice board perfekt für büros, pausen- und versammlungsräume. gerade hier können sie mit bild-, text- oder video-formaten farbe in die unternehmenskommunikation bringen und mitarbeiter begeistern.

EN digital notice board
activate your internal company communication: the digital bulletin board informs all employees dynamically and in an appealing way about key figures, ongoing projects and other internal company information. fast, remote controlled and always up-to-date: the digital notice board is perfect for offices, break and meeting rooms. especially in these places you can bring color into your corporate communication by showing images, text, or video feeds that will inspire your employees.

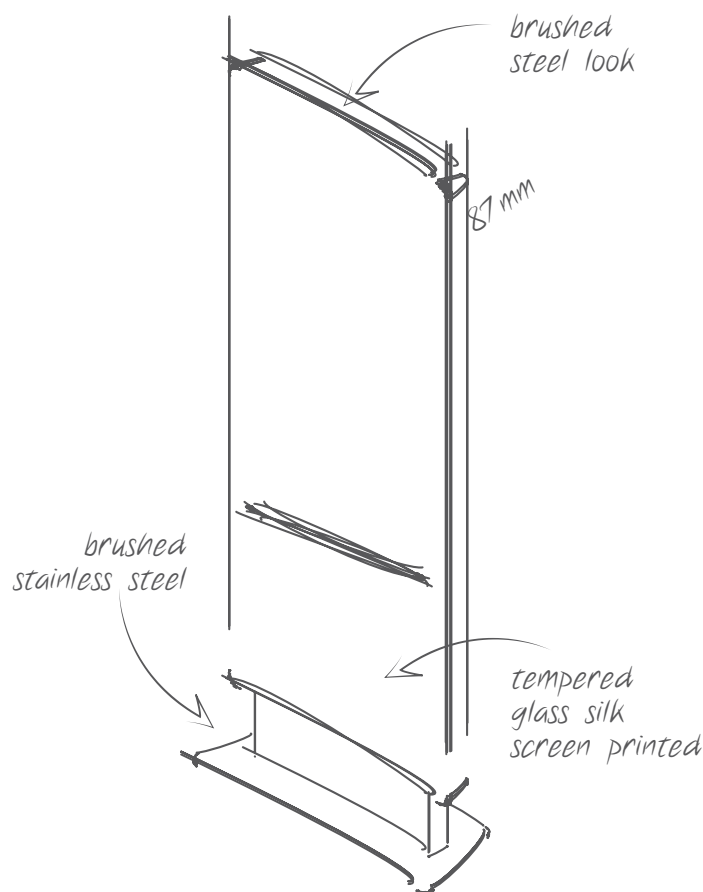

MEDIASIGN

IT con media sign per ambienti interni potrà accogliere visitatori e clienti informandoli sulle novità e sulle offerte più attuali. il totem può essere inoltre utilizzato come sistema di segnaletica digitale all'interno di edifici e come soluzione corporate sign per il miglioramento della comunicazione interna aziendale. l'espositore è provvisto di un PC integrato e può essere collegato ad internet sia in wireless che tramite cavo.

DE mit media sign für den innenbereich begrüßen sie besucher und kunden dynamisch und informieren stets aktuell über neuigkeiten und angebote. das display dient außerdem als digitale beschilderungslösung in gebäuden und auch als corporate sign zur verbesserung der internen unternehmenskommunikation. das freistehende media-display besitzt einen integrierten pc und kann wireless oder per netzwerkkabel ans internet angeschlossen werden.

EN media sign - your indoor display - welcomes visitors and customers in a dynamic way and informs them always up to date with latest news and special offers. the display is a perfect digital wayfinding system as well as a corporate board that helps improving internal company communication. the free standing media display comes with an integrated pc and can be connected with LAN or wireless to the internet.

E-CODE

IT il fuoriporta e-code informa con la tecnica ad inchiostro elettronico. grazie al suo software di semplice gestione testi e materiale grafico possono essere trasmessi e attualizzati sul display con un semplice click. in questo modo informazioni fuoriporta e a muro restano sempre attuali. ogni pannello è autonomo e, grazie alla batteria integrata, indipendente dalla rete elettrica per anni. il pannello offre un design moderno ed una cornice elegante in acciaio inox spazzolato.

DE das tür- und wandschild e-code informiert mit e-ink-technik: mit der eigenen, leicht zu bedienenden software lassen sich schriften und grafiken drahtlos einspielen und jederzeit auf knopfdruck aktualisieren. so sind tür- und wandschilder stets dem aktuellen stand angepasst. jedes türschild ist dabei autonom und dank integrierter batterie viele jahre vom stromnetz unabhängig. die wandschilder bestehen durch ihr modernes design und dem edlen rahmen aus gebürstetem edelstahl.

EN the wall and door sign e-code works with a special e-ink display system. it is remotely controlled by pc with an easy operable software. graphics and texts of each sign can be uploaded and updated individually via wifi anytime. each sign is equipped with an integrated battery and thus independent from electric power supplies for many years. e-code signs win over with their modern design and a frame made of brushed stainless steel.

IT padline sostiene e allo stesso tempo protegge il suo ipad! una soluzione antifurto ideale, pensata per dare valore alla presentazione interattiva in occasione di eventi o per l'allestimento del punto vendita. il display può essere utilizzato sia orizzontalmente che verticalmente. la serratura e la copertura dei pulsanti presenti sull'ipad impediscono l'accesso indesiderato a terzi.

DE padline hält und schützt ihren ipad gleichermassen! kompakt und doch elegant, ist padline die lösung für ihre diebstahlsichere und interaktive präsentation. das display kann horizontal oder vertikal verwendet werden. das schloss und die abdeckung der ipad-steuerungstasten verhindern den zugriff dritter.

EN padline holds and protects your ipad at the same time! the compact and yet elegantly designed padline is the ideal theft-proof solution for your interactive presentation. the display can be turned easily for horizontal and vertical presentations. a safe lock and the covered ipad buttons prevent the unauthorized access by a third party.

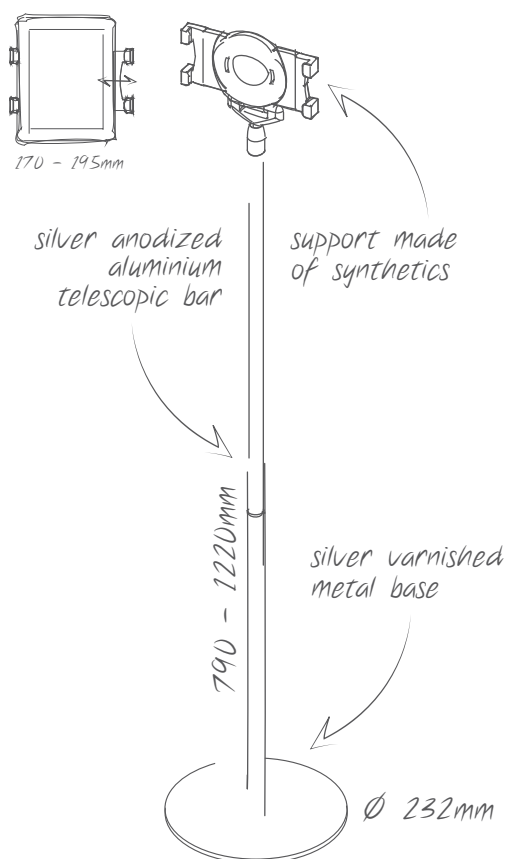

PADMAN UNIVERS

IT pad univers è un espositore universale molto stabile, utilizzabile con i più venduti tablet di misure diverse. il sistema di sostegno rende possibile esporre il dispositivo sia in orizzontale che in verticale e di farlo ruotare sul proprio asse di 180°. il tablet può essere rimosso dall'espositore con un semplice click. il sistema a scatto per la rimozione non è visibile al primo impatto per scoraggiare furti facili. il porta tablet è sostenuto o da un'asta telescopica regolabile in altezza oppure da una ventosa forte, adatta per tutte le superfici lisce e pulite come pareti in vetro o tavoli.

DE der stabile tablethalter pad univers eignet sich für die gängigsten tablets verschiedenster größen. mit der einrastfunktion drehen sie das tablet schnell von horizontal auf vertikal und können es bis zu 180° neigen. ihr tablet können sie zusammen mit der halterung mit nur einem klick aufsetzen und abnehmen. die klickvorrichtung ist kaum sichtbar und so relativ diebstahl-sicher. die tablethalterung steht entweder auf einer höhenverstellbaren teleskopstange als bodendisplay oder ist mit einem saugnapf ausgestattet, um sie einfach und schnell an glatten oberflächen wie glaswänden oder tischen zu befestigen.

EN the stable tablet holder holds tablets of different sizes. the integrated snap in device makes your tablet turnable from horizontal to vertical and you can even incline the tablet up to 180°. in just one click you can put on or remove the tablet together with its support from the display. the special click on system is not visible at first glance and thus your tablet is quite thief-proof. the tablet holder comes in two different versions: either freestanding on a height adjustable telescopic bar or with a suction cup to fix it firmly on all smooth and clean surfaces like tables and glass walls.
