

# Handmate

## Low Noise Low Cost Compact Hand Dryer

The Handmate Hand Dryer is a stylishly smooth edged machine combined with compact dimensions. Combined with a class leading low noise of 72 decibels, this machine is ideally suited for use in toilet areas of restricted floor space.

Having a sturdy stainless steel 304 grade cover with a smooth profile the Handmate hand dryer is easy to clean and keep hygienic, whilst also helping to resist vandalism.

Save money and time buying and disposing of paper towels, or washing and replacing conventional hand towels. If you have a limited budget and are looking for a cost effective hand dryer, the Handmate model offers the solution with a 20 to 30 seconds drying time. This machine is suitable for low to medium traffic areas such as guest house and hotel bathrooms, offices, restaurants, shops, clubs and pubs.
