

# Arab. German Scientific Academy

for holistic therapies and medicine

الأكاديمية العلمية العربية الألمانية

للـعلاج والطب الشامل

## **The Academy connects ancient, modern medicine and therapy systems**

A growing population in the Arab countries with a longer life expectancy than before requires a better standard in therapy and medicine. A future health care strategy has also to meet the wide range of needs and demands of a population that gets more and more aware of the importance of staying in good health up until old age. The Arab German Scientific Academy for Holistic Therapies and Medicine, offers education and training in a special program for the future.
