

LEGIOCID - Spa "Deep Cleanse" Treatment

Code	Description	Price
For Spa Circulation System Treatment:		
LEGIOCID	Spa Deep Cleanse Treatment Kit (complete)	POA
For Pool Equipment Cleaning & Spa Treatment:		
DESOPUR-F	Chlorine Dioxide (TCDO) Disinfectant - 5 litres	POA

LegioCid® is a unique chlorine dioxide based treatment pack which addresses these problems by providing a thorough deep cleansing treatment of the whole spa, sand filter and pipe-work circuits.

LegioCid® should be applied monthly as a deep cleansing, powerful disinfection treatment to remove and prevent biofilm build-up.

LegioCid® - each treatment pack treats a large spa - 3,300litres (730 galls), and contains all 3 chemicals, measuring cups, MSDS (Material Safety Data Sheets) and full instructions.
