into the brilliant era of the Prussian kings and queens. Many belong to the UNESCO World Heritage.

Dresden: Almost completely destroyed in World War 2, Dresden has been rebuilt to its former glory, and is a city of spectacular art and architecture.

Rhine River/Cologne: The Rhine River is not only home to renowned Riesling wines, but offers a backdrop of beautiful landscapes, ruins and medieval castles. Interested in enjoying a lovely summer music festival? Set on the Rhine River, Cologne's famous cathedral is historically the starting point for Europe's pilgrimages. As you will discover, this modern city is home to so much more. It was a Roman colony for example and while a large portion of Cologne's ruins remain underground, remnants of its past are discretely scattered throughout its expanse.

Black Forest: Inspiration for Grimm's fairy tales, its name is derived from the oppressive canopy of evergreens looming above the forest floor. Home to cuckoo clocks, striving half-timbered houses, ruined castles and quaint towns, the Black forest is a magical land full of cultural traditions.

Bavaria's **Munich** is where the famous Oktoberfest is celebrated. It is the headquarters for BMW and Bayern Munich football team. If beers, cars and sports don't interest you, nearby Neuschwanstein castle, the inspiration for Walt Disney's sleeping beauty, will surely enchant you.
