Categories of Fireworks for sale to the General Public in the UK

F1 - Indoor fireworks close proximity

F2 - Minimum 8 metres safety distance

F3 - Minimum 25 metres safety distance

Always adhere to the safety distance on each product.

F1 Fireworks - typically indoor products such as ice fountains, some small sparklers and party poppers - close proximity novelty types.

F2 Fireworks - Have a powder weight (NEC) up to 500g.

There is an exception to this rule in the form of a compound firework (more than one firework glued to a board with a linked fused in the factory of manufacture) which total up to 500g powder weight (NEC) each.

Compounds can have a combined powder weight of up to a maximum of 4kg giving duration and spectacular effects. Minimum safety distance 8 metres.

F3 Fireworks - Have a powder weight (NEC) over 500g and up to 1000g.

There is an exception to this rule in the form of a compound firework, where you have multiple individual cakes up to a maximum of 1000g powder weight (NEC) that are glued to a board and linked fused in the factory of manufacture.

These compounds can have a combined powder weight of up to 4kg maximum, giving duration and spectacular effects. Minimum safety distance 25 metres.

Always check your firing site and meterage, then decide if you require F2 and/or F3 products.

IT IS ILLEGAL TO SELL CATEGORY F2 OR F3 FIREWORKS TO ANYONE UNDER THE AGE OF 18.

IT IS ILLEGAL FOR ANYONE UNDER THE AGE OF 18 TO POSSESS CATEGORY F2 OR F3 FIREWORKS IN A PUBLIC PLACE.
