

D. D. P. LIMITED

It's the most wonderful time of the year for seasonal fresh vegetables. From multi-coloured carrots, sprout trees and baby 'piccolo' parsnips through to leafy clementines, chestnuts and medjool dates.

Please see enclosed some of the more popular lines (with product codes), including main vegetables, potatoes, fruit and ready-prepared items for those extra busy days. We have also included some origins for UK grown items.

You can also get festive foliage & plants from us, including decorative fruit, pines and poinsettias.

If you have any questions or need more information or help, please give us a call on **020 7720 4059** or email sales@ddpltd.com
