

LEATHERHEAD & DISTRICT CHAMBER OF COMMERCE  
**SUPPORTING YOUR  
BUSINESS SUCCESS**

ASHTEAD • BOOKHAM • FETCHAM • LEATHERHEAD

*and District*  
**Leatherhead**  
Chamber of Commerce

# A great place for business

## About us

Our members range from sole proprietors to multinationals and from financial, professional, retail and service providers through to industrialists. All members share the aim of creating a prosperous business environment in the knowledge that this involves businesses, their customers, employers, the local community and public authorities.

**We stand up for local business** interests by speaking out on issues that affect them and by seeking to influence decision-makers and challenging unfair or ill-conceived policies; where necessary we will take a public stance but will also seek to procure change through quiet diplomacy behind the scenes.

**We understand** that being in business and taking risks for reward, can be a lonely affair. We seek to bring local business people together for mutual support. Our varied programme throughout the year provides a mixture of information, representation and social events.

**Your views are important** and that is why your membership is vital to us. Please help us to help you by sharing your views and expertise with us.

**A warm welcome** is assured at the Chamber's many functions and events throughout the year that are open to everyone. So please join us today and become part of our vibrant business community.

**Since the 1990s**, Leatherhead & District's business community has grown dramatically. Serviced office and business park developments provide state-of-the-art accommodation for small to medium-sized businesses and corporates alike.

## ...full of charm and character

## An active Chamber

The Leatherhead & District Chamber of Commerce actively promotes and supports companies trying to tap into this enormous marketplace. Seminars on business streamlining and effective marketing through social media, help its members to compete.

## All shapes and sizes!!!

Many Chamber members are home based or employ fewer than five staff, which is a global trend after all. But, the creativity, diversity, professional and technical expertise of our members is staggering. Members support the arts and charitable fundraising initiatives bringing a sense of community to the District. This the Chamber reflects in its activities and support. For smaller companies to be able to meet and approach the district's larger organisations is another big benefit, facilitated through the Chamber. For the larger companies it offers access to high calibre, cost effective local suppliers and service providers; there is dialogue and this is vital!

# ...with excellent communication links

## Location, Location...

We are situated within the Gatwick Diamond, which boasts the largest and most diverse concentration in the UK of the world's leading headquarters for knowledge industries, information technology, telecommunications, biotechnology and advanced engineering, outside London.

The area enjoys superb connectivity to both UK and international business destinations. It is less than 20 miles from central London and at the hub of a major travel network. Its road, rail and air

links ensure UK, European and global markets are easily accessible. Yet only a few minutes away lie the North Downs, an outstanding area of woodland and chalk downland, and a site of special scientific interest.

Leatherhead, Ashted, Fetcham and Bookham provide access to a large pool of potential employees, with more than ten million people living within one hour's travel.

The proximity of Heathrow and Gatwick airports creates access to global markets and technological skills which are

driving high rates of economic growth.

## by road

Junction 9 of the M25 London Orbital motorway is just half a mile from Leatherhead town centre, providing access to all parts of the UK: the North (A1, M1), South (M3, M23), East (M2, M20, M11) and West (M4, M40). The A3 major regional trunk road is less than 10 miles away via the M25, giving access to the coast at Portsmouth and to central London.

# I belong because...

"Since joining seven years ago, I have met so many people who have had a positive influence on my business - also, knowing you are a member of an established Chamber gives credibility and confidence to your customers and clients."  
*Jackie Quinn, Jackie Quinn & Co award winning estate agents*

"Leatherhead is recognised as an ideal location to live and do business. The surrounding area provides a magnificent backdrop to the thriving commercial community."  
*John Hickey, Director, Buchannan & Curwen Ltd.*

"If you are a business in Leatherhead or the surrounding area, big or small then you really should become a member of the Chamber - They offer opportunities to meet and network with other business people in the region, offer marketing opportunities through the likes of the Business Awards and Newsletters and practical advice via the speakers and conferences. For me as a one man business they offer me something more - interaction with like-minded people and the opportunity to mix with people in the same boat as myself - sometimes that is the most important aspect enabling me to keep up morale and confidence."  
*Andy Newbold, Andy Newbold Photography*

"We moved our design business to Leatherhead ten years ago. By joining the Chamber, we gained introductions to the local council, local companies (now accounting for 60% of our business) and arts groups to whom we also supply print. Membership of the Leatherhead & District Chamber continues to open doors and bring tangible benefit."  
*Dick Jones, Creative Director, Jones' Creative Services Ltd.*

"The Leatherhead Chamber of Commerce allows me to network and interact with countless local businesses. It has been invaluable to me growing and developing my business."  
*Clare Batchelor - Mouse Literate Computer Training*
