Can hold a continuous strip of sandpaper, which can then be pulled through. Good for relieving the strain on your fingers when working for longer periods of time.

16€/ Piece including spare Arms & spare rubber bands (different strengths)

(Spare arms will be provided 4 free as .stl so you can reprint them yourself. if necessary)

Inserts with **Clamps** for Felt/ Leather/ Rubber etc. to get a smooth finish for your knives!

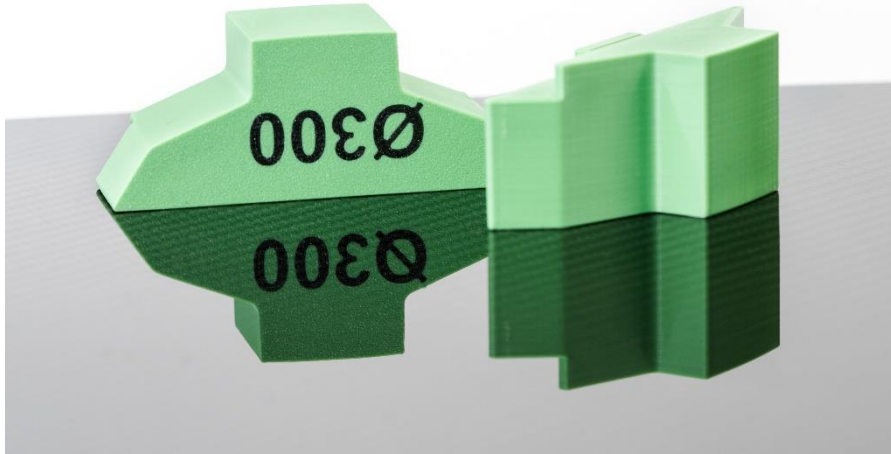

Price: 14€/ piece (including screws & nuts.)

Slim Inserts

These inserts were designed on request in order to be able to grind particularly precisely for clear edges.

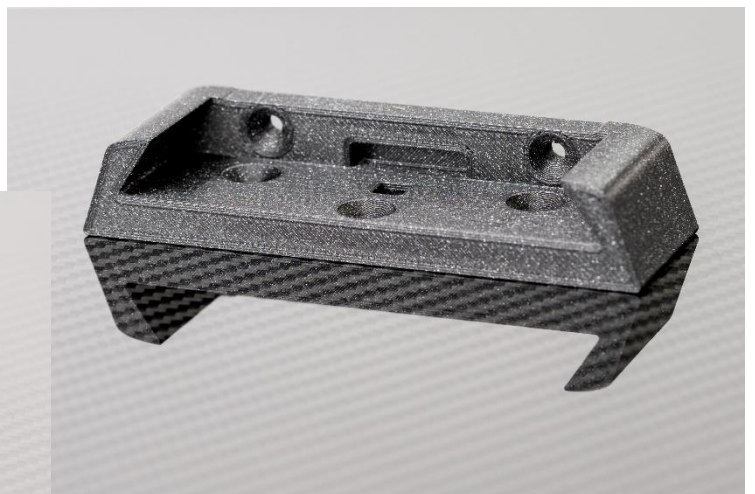

Price/ unit ist he same as with the standard radius Inserts.

Insert Holder Only

This is only the core unit off he jig for all people who would like to build their own jigs but want to use the variety of Inserts.

Price: 15€/ piece

Details

Flat Inserts are prepared with recesses for a through hole in order to be equipped with M4 nuts and to attach your own geometries if desired.

There will always be 2 Pins shipping with the Handles. If you loose them you can simply rebuild/ print one yourself or use a M5 Screw instead.

We will also provide the .stl for free if you want to reprint these parts yourself.

New Jigs are equipped with a keyhole to hang it to a wall.
