At Houghton & Son, we offer a professional and caring service for the families of the communities that we serve.

Making funeral arrangements needn't be as distressing as you might think. We arrange funerals with compassion and care and we pride ourselves on giving your family the highest levels of service.

Whether you require a simple service, a more traditional funeral or something completely bespoke, our experienced staff are able to help with these arrangements, with dignity and care.

## Taking out a plan is easy

You can choose to make a single payment or spread the cost and pay by easily affordable instalments. If you pay by instalments and you stop paying, you can leave the money paid so far in the plan as a contribution towards your funeral when the time comes. What's more, the plans we offer are very flexible and you can make changes at any time.

Once your plan is in place, you can relax knowing your affairs are in order.

**As one of the lowest priced pre-paid funeral plans in the area, you could save money as well as fixing our direct costs and making a contribution towards third party costs.**
