Like a Mini Internship

A selected company will provide the job to be done: it may be in Management, Marketing, IT, Operations, Logistics, Engineering etc. according to the specific needs of the students' university. As project managers, the students' job will be to plan, budget, oversee and document all aspects of the specific project they are working on. The students will work closely with the company's staff to make sure that the scope and direction of each project is on schedule, as well as Europ.Education™ for support. The students will work as a team to get the job done.

Your First Steps

Europ.Education™ provides the opportunity to take part into PROJECT-WORKS with selected companies in Europe during the undergraduate studies of students. Companies are diversified by sectors, products, services or geographic markets. The aim of the PROJECT-WORK is to apply skills and tools acquired during the studies, develop team work and strengthen the collaboration with companies.

Students will develop projects on one or more cases identified by the company over a 1-4 week span.

Our PROJECT-WORKS allow the students to gain the experience of an internship by applying for Schengen visa and without too many formalities.

Experiential Learning!

HOW IT WORKS

The proposed PROJECT-WORKS are activities for undergraduate students.

- They usually don't start in December and August.

- Students work in small groups of 3-6 students

- Each group is in competition with the others with the purpose to deliver better PROJECT-WORK.

- Continuous monitoring and tutorship are implemented by the company's personnel and industry experts

- In-class work-in-progress presentations are organized in the middle of the project.

- Delivery and discussion of the final project report to the company's staff

DURATION

It is agreed upon between Europ.Education™ and the students' university

UNPAID, BUT...

Europ.Education™ and the company will give to the best PROJECT-WORK's students one or more awards

IDEAL IF...

- **YOUR STUDENTS HAVE SHORT TIME**

- **THE STUDENTS' UNIVERSITY WOULD LIKE CUSTOMIZING THEIR EXPERIENCE ABROAD**

- **JOB / INTERNSHIP VISA MAY BE AN ISSUE**

- **MORE AND/OR SPECIFIC SKILLS MUST BE TESTED**
