

◆ What is Invisalign?

Invisalign is an 'invisible' alternative to metal braces. Invisalign can transform your smile discreetly and comfortably in a matter of months. It's the world's most advanced clear aligner system, treating millions of people worldwide, and we provide it here at Bridge Street Dental Surgery with Dr Colette Lightfoot.

◆ Why Invisalign?

We chose to provide Invisalign here because of its many benefits. The aligners are nearly invisible meaning you can go through treatment without most people knowing you have braces! They are custom made so comfortable to wear. The aligners are also removable so you can take them out to eat and to clean your teeth, meaning there are no restrictions on what foods you can eat, and it allows you maintain excellent oral health!

Our Invisalign® Package - £2999

This includes:

- ◆ Invisalign aligners – all the aligners needed for your treatment
- ◆ All Invisalign appointments, scans, photos, xrays
- ◆ Three sets of retainers to wear after treatment (worth £400!)
- ◆ Free tooth whitening kit (worth £200!)

◆ What's next?

If you are interested in Invisalign, you can book in for a **complimentary consultation with Colette**. She will be able to advise you on the best treatment for your teeth and smile and give you lots of information before you start your Invisalign journey.

If you would like to book in for a consultation or require any further information, please contact the practice on 01937 833416 and ask for Nicola or Kay, or email invisalign@bridgestreetdentalsurgery.co.uk.

In the meantime, why not try our SmileView tool. Simply snap a selfie and see what you could look like with straighter teeth, in under 60 seconds!

Scan the QR code with your iPhone camera and you will be taken to the SmileView page to start the experience. Alternatively, type in the link below.
