

# Gynecology/Urology Procedure Chair/Table

## SONESTA 6302, 6302U, 6303

### A flexible solution in your examination room

The Sonesta 6300 series is a flexible solution to your examination room. With three motor functionality the model 6303 will easily adjust the position of your patient with lift, reclining back and a pelvic tilt, all at the touch of a button. Two motor maneuvering is available with an adjustable back and lift motor in model 6302U, where the seat portion is fixed to one of three desired positions. Model 6302 incorporates motors into the lift and seat section, and uses hydraulic pistons to assist in manually raising the back portion of the procedure chair. The Sonesta 6300 series is packaged with basic accessories yet is compatible with the full line of Sonesta add-ons making for a flexible, and comfortable procedure environment.
