120/230v 24v DC Output
Meets EMC (Electromagnetic Compatibility) for IEC 60601
All Products carry the CE mark.

A versatile examination table with C-arm capabilities

The 6210 fluoroscopy procedure table offers the physician standing, seated, and supine positioning capabilities. This versatile table easily adjusts from/to standing, seated, and supine positions via a hand held control, thus creating a table that is easily accessible to patients of any age. The side-mounted cantilevered design offers the physician anterior/posterior, lateral and oblique views without obstruction. For added convenience the table is equipped with a battery backup for short-term use in case of power failures or in emergency situations. The superb c-arm access and a wide range of positioning possibilities, make the 6210 the ideal table for any fluoroscopy procedure.

Positioned to be the best:

- Three motors offer unparalleled positioning/access options
- Radiolucent carbon fiber seat and back for head-to-toe imaging
- 4 Double wheel rolling casters offer unencumbered maneuverability
